Grand Knight Report

My brother Knights,
It is hard to believe that it is already August and the children are back in school. The golf outing is coming upon us and it is not to late for you to help. We have a 1st degree on the 25th, so please bring a Catholic gentleman to join. It has been brought to my attention that Parish leadership at SLDM is trying to teach children to remove their hats when they enter a building and as such we have been asked to set the example for this. Also if you are going to volunteer to work a colts game please remember to attend mass with your family the Saturday before the game. The next month has a lot of opportunities for everyone. At the next business meeting we will having a presentation from the Fishers Home Corp. and also a budget will be presented to the council. There will be an officer meeting on September 15th at 7:30 PM in the club-room. Beginning in September we will be requesting that everyone please donate \$3.00 for

a bottomless cup of beer after all business meetings, first degrees and socials, if you only want one beer then please just leave a dollar. There will be no charge for soda. We are doing this to raise funds for our countless efforts that we support financially. In one year's time this could yield us \$1,000.00.

For all the members who are not aware I had the privilege to attend the Supreme Convention in Quebec City at the beginning of August as one of ten delegates representing the State of Indiana. It was truly an awesome event, I was able to meet the Supreme Knight and other Supreme officers. My wife and I will never forget this event. It was truly an honor to be there representing the Indiana State Knights of Columbus.

Unite 2 Fight - Race Against Prostate Cancer Update

Thanks to all who registered for the 6th Annual Unite 2 Fight: Race Against Prostate Cancer on July 12th. You make a huge difference! We couldn't have done it without you. While the lightning and thunderstorms stopped the walk/run, it won't stop the fight against prostate cancer and finding a cure. Organizers wanted to keep all participants safe from any harm, but the quest continues in creating awareness for every man to understand the risk factors and the importance of screening and early detection. Thanks to you, Little Red Door Cancer Agency will continue to provide free prostate cancer screenings to men who qualify; to those who are uninsured and lack the financial means. The Indiana Cancer Research Foundation will continue to improve cancer treatments through clinical and prevention trials with the latest drug therapy and technology.
